Creating a shortcut (bookmark) on your mobile home screen for Harmans Events website

Apple products

If You're Using Safari (most common):

- Open www.harmansevents.com in your browser
- Tap the SHARE icon, (square with an up arrow)
- Scroll down and tap 'Add to Home Screen'
- Edit the name if you want (this is what the device will show)
- Tap "Add" in the upper-right hand corner

Android products

If You're Using Google Chrome (most common):

- Open **Chrome** on your Android device.
- Go to the **website** you want to save.
- Tap the **three-dot menu** in the top-right corner.
- Select **"Add to Home screen."**
- Edit the name if you want.
- Tap **"Add."**
- Then choose either:
  - **"Add automatically"** — to place it on your Home Screen right away.
  - Or **drag the icon** manually where you want it.

If You're Using Samsung Internet:

1. Open **Samsung Internet**.
2. Navigate to the **website**.
3. Tap the **three-bar menu** (≡) in the bottom-right corner.
4. Tap **"Add page to" > "Home screen."**
5. Confirm with **"Add."**
